Courses

UI/UX Design Track – Ministry of Communications and Information Technology

10/2024 – 05/2025
Mansoura, Egypt

Digital Egypt Pioneers Initiative (DEPI)

Participating in a fully-funded national program focused on advanced UI/UX design, user research, and digital product development. Training includes hands-on projects, mentorship from industry experts, and collaboration with global tech partners.

Build Dynamic User Interfaces (UI) for Websites

Coursera – Offered by University of London

Learned how to create interactive, responsive web interfaces using low-fidelity, med-fidelity and high fidelity wireframes. Focused on UI components, user experience, and best practices in modern web design.

Projects

Travnu – Tourist Companion App

UI/UX Designer | 2025

A mobile app that helps tourists in Egypt explore sites, book guided tours, and access local services through a smooth, bilingual interface.

Real Estate Web

UI/UX Designer | 2025

Designed responsive web interfaces for real estate listing & booking.

Created wireframes, high-fidelity prototypes, and a style guide.

Furniture E-Commerce Website

UI/UX Designer | 2025

Led design of full shopping experience with modern UI components.

Focused on accessibility, minimalism, and smooth user flow.

UpWall – App Growth Platform

UI/UX Designer | 2025

Designed a modern, responsive landing page focused on user acquisition and monetization.

Emphasized clear layout, custom visuals, and strong content structure.
